MANIPUR INTERNATIONAL UNIVERSITY

An Autonomous State International University established and recognised by the State Government of Manipur, Established by the Manipur International University Act, 2018 (Act No. 2 of 2019) of the State Legislature. It is recognised and listed by the University Grants Commission (UGC), Government of India. Declared as an "International University of Excellence and an "Institution of State Importance" by the State.

ABOUT US

Manipur International University (MIU) is an Autonomous Statutory State International Public University established, recognised and accredited by the State Government of Manipur. MIU is established by the State Government of Manipur via Manipur International University Ordinance, 2018 (Manipur Ordinance No.1 of 2018) which was notified in the Official Gazette on 26th June 2018. Later, the monsoon session of the Manipur State Legislative Assembly has unanimously passed the Manipur International University Bill, 2018 (Manipur Bill No.8 of 2018) on 23rd July 2018. The winter session of the Manipur Legislative Assembly has once again unanimously passes the Bill on 21st Dec 2018. The Manipur International University Act, 2018 (Manipur Act No.2 of 2019) has received the final assent of the Hon'ble Governor of Manipur on 23rd Jan, 2019 and it has been notified by the Law and Legislative Affairs Department, State Government of Manipur in the official Gazette Extraordinary of Manipur State on 14th Feb, 2019. The University is fully recognised by UGC under section 2(f) of UGC act 1956 and Institutionally accredited by the State Government of Manipur via the MIU Act, 2018.

MISSION

The mission of the Manipur International University is to provide high quality higher education with emphasis on educating the nation's rural and tribal communities by offering respected, relevant, accessible, affordable, and student-focused programs that prepare students for service and leadership in a diverse, global society.

The university seeks to use the medium of education to connect India with the world. The university aims to open the doors of Indian Higher Education System to rest of the world, while welcoming opportunities, talent, and technology from rest of the world. The University has partnered and continues to partner with numerous Government and Non-Government bodies, Local, National and International Organisations, Multinational Companies and Individuals

VISION

Education it is said is one of the most profitable business in the world and every business house seems to be clamouring for it and succeeding in their pursuits. But have we ever stopped to wonder if these pursuits are reaching the people who truly need it. The world is filled with forgotten corners, neglected and abandoned, hopeless and dejected, not having access to their basic needs let alone Quality Education. In the age where humanity is looking at the stars and designing the game plan to colonise mars, it comes as a surprise that some of our population lacks the access to a better world. It is in this foundation in pursuit of a better world, a well rounded growth with education in its pivot that Manipur International University (MIU) takes its first step and we plan to never stop, to change the world, to passionately work for a better future, to ensure sustainability by enveloping growth through inclusive development.

Visión

ECHER

MIU is the brain child of the passionate, the hungry, the selfless and the dedicated, of concerned citizens who envision a brighter world based on ECHER, the 5 pillars of Development.

ECHER is the 5 Pillars of Development that MIU pivots around in the pursuit of Inclusive Exponential Development and Transformation of the People, Place and Society.

- > **ENVIRONMENT PROTECTION & DEVELOPMENT**
- > **CULTURAL PRESERVATION & DEVELOPMENT**
- > **HUMAN RESOURCE AND EDUCATION**
- > **ECONOMIC & INFRASTRUCTURAL DEVELOPMENT**
- > **RURAL & TRIBAL DEVELOPMENT**

ENVIRONMENT PROTECTION AND DEVELOPMENT

What we do to the environment and the world is not reversible, our actions leaves permanent footprints on mother nature. Its our basic human duty to protect, preserve and maintain a healthy natural environment.

CULTURAL PRESERVATION & DEVELOPMENT

The erosion of culture and traditions at the cost of development and progress is compromising our roots and true origin. We believe we must envelop the culture, traditions and unique beauty of Manipur to preserve, promote and propagate across the globe.

HUMAN RESOURCE AND EDUCATION

Human resource is the most powerful resource of the nation and the state. Educating and optimising theses resources and manoeuvring them into productive and contributive resource will not only develop the state but also the nations economy.

"QUOTES"

"The number of students going outside the State to pursue higher studies would come down once this university will commence its session."

- Shri. N. Biren Singh,

Hon'ble Chief Minister of Manipur,
State Government of Manipur, speaking
at the State Level Teachers' Day function
on 5th September 2018 at Imphal, Manipur.

MESSAGE

I am pleased to convey my congratulations to you all on the inauguration of Manipur International University.

Your University will fulfil an important need not just in Manipur but also throughout the northeast region of India and beyond. Higher education provides the key to opportunities for realising our own welfare. More importantly, it can help develop the ability of an individual to serve our community, our nation, and above all, our family of humanity.

In this twenty first century, the quality of research into both the inner and physical world has reached a very high level, thanks to tremendous strides in technology. However, the world is also facing problems, many of which are of our own making. Destructive emotions such as greed, hatred, and jealousy, which I believe are the root of the self-inflicted problems our society faces. Regrettably, modern education, oriented as it is towards training us to attain material goals, has little to offer to help us counter these mental problems. I believe that just as we teach physical hygiene, we must cultivate emotional hygiene, as we need to be both physically and mentally fit by familiarising with the positive aspects like warm-heartedness compassion and tolerance.

Therefore, as your University begins imparting education, I feel you can incorporate teachings from India's own ancient wisdom, including its practices for cultivating a calm abiding mind (shamatha) and the wisdom of special insight (vipasana) in order to generate a deep understanding of the workings of the mind. Ancient Indian knowledge encouraged compassion (karuna) and non-violence (ahimsa). I believe these to be not only the basis of India's remarkable religious pluralism, with many religious traditions living together harmoniously, but also needed for the community development. We must teach about the importance of safeguarding our planet, our only home. Students should learn to cultivate compassion not only for our fellow human beings, but also for other living beings with whom we share this precious home.

I hope that Manipur International University will continuously aim to train younger generations to develop the tools and abilities to serve others and benefit the whole of humanity. All major faith traditions counsel love, compassion, and forgiveness. Each of the religions of the world has the potential to foster peace of mind, which is why I respect them all and seek to encourage religious harmony. Despite differences in our philosophical views, we can all help each other by being more warm-hearted and compassionate, and deepening our sense of concern for the well-being of all forms of life. We must help others whenever we can, and should, at the very least, refrain from harming them.

I am also pleased to learn that the University proposes to have a Centre for Tibetan Medicine & Astrology. This alternative medicine system will certainly enable the Students and the community alike to appreciate the importance of a holistic approach to treatment.

With my prayers and good wishes,

His Holiness the 14th Dalai Lama
23 May 2019, Dharamshala

MR. THOKCHOM RADHESHYAM SINGH
Hon'ble Cabinet Minister for Education,
Labour & Employment, State Government of Manipur

"QUOTES"

"The Manipur International University will be set up in the state and would have a capacity of 30,000 students. The university will be expanded in different districts of the state and will give free education to around 3,000 students."

"Establishment of this University will contribute in enhancing the quality of higher education in the State. "

Mr. Thokchom Radheshyam Singh, Hon'ble Cabinet Minister for Education, Labour & Employment, State Government of Manipur at a press conference in the month of July, 2018 immediately after passage of the University Bill in the assembly.

MESSAGE

DR. HARIKUMAR PALLATHADKA
Chancellor,

Dear Students, Faculty, Staff, and Visitors,
Welcome to Manipur International University!

Being the Chancellor of such a prestigious institution is indeed a great honor. At Manipur International University, our focus is on creating an environment where innovation, inclusivity and excellence are key principles guiding our actions.

Our university boasts a history of accomplishments and a firm dedication to shaping the future leaders. We take pride in offering an supportive setting that fosters the personal and professional development of our students. Our esteemed faculty members serve not as educators but as mentors and trailblazers in their respective fields spearheading cutting edge research and scholarly endeavors.

We firmly believe that education holds the power to transform lives and communities. Our diverse and inclusive campus provides opportunities for collaboration, exploration and progress. Whether you are considering joining us as a student, part of our university community or simply visiting you will encounter a community that values creativity, critical thinking and continuous learning.

Looking ahead to what lies for us we are dedicated, to upholding our legacy of excellence by introducing programs forging interdisciplinary partnerships while striving for societal impact.

Feel free to check out our website to discover more, about the programs, research projects and lively campus atmosphere.

We appreciate your interest, in Manipur International University. Lets work together towards an more hopeful future.

Best wishes,

A handwritten signature in blue ink, appearing to read 'Harikumar'.

Dr. Harikumar Pallathadka
Chancellor,
Manipur International University

MESSAGE

POTSANGBAM KUMAR SINGH
Pro-Vice Chancellor

Dear Students, Faculty, and Friends,

It is my pleasure to extend to you this warm welcome to Manipur International University. Being the Pro Vice Chancellor, I have the honour to be part of this excellent academic society and I want to show you some of the exciting prospects that lie ahead for you here.

At MIU, it is our privilege to embrace and foster a culture of success, innovation and advocacy in learning, research and the wider community. Our aim is to offer quality education that can be instrumental in the student's achievement of their dreams and play a significant role of bringing value in the whole society.

It is through this vision that we strive to excel in all we do – whether it is the academic experience we provide in our academic programs; the research that students and faculty undertake through innovative programs; or the environment that is welcoming and inclusive of all students at the campus. We are always in a position to transform with a view of offering our students the necessary preparation in order to be in a position to meet the expectations of the society in the global nation.

The office of the Pro Vice Chancellor aims at improving scholars' performance as well as efficiency in all aspects of MIU's performance and advancing the university's position in the realm of higher learning. We are strongly committed to ensuring our students, faculty, and staff to foster a special commitment towards cultivating an educational community of learners, scholars, and workers with the purpose of learning and personal development.

Please, take your time and go through the information provided in this site, as it will help you learn more about our academic programs, research opportunities, and student life on our campus. Please feel free to contact us and find out more on how MIU can assist you achieve your dreams of education and career.

Sincerely,

A handwritten signature in blue ink, which appears to read "Potsangbam Kumar Singh".

Prof. Dr. Potsangbam Kumar Singh
Pro Vice Chancellor

MESSAGE

PROF. T. BRAJESHWARI DEVI
Registrar

Dear Students, Faculty, and Friends,

Manipur International University its campuses spread across the pristine lush green valley and blue hills in the serene environment of the unique valley of Manipur state India is an ideal place conducive to high quality learning.

Education and learning, the acquisition of knowledge, skills and values aids the all-round growth of the physical, mental, intellectual and spiritual aspects of an individual, leading to career growth and self-development

In the present Hi tech era and globalization, technology influences occupation, working systems and lifestyle; this situation demands to the individuals a need to prepare for a space in the hi-tech competitive world and tech shabby skills are a must for advancing their careers in the global marketplace.

Learning, however, is complex, it is so exciting when interested and well heavy when forced, with all technical support of modern world, it has not changed much, it cannot be forced. The “National Education Policy 2020” and the “National Science, Technology and Innovation Policy 2020 emphasize Research and Innovation including multidisciplinary and interdisciplinary researches from young age to enable our academia and students compete in the global Tech scenario and contribute to National growth and development.

MIU emphasizes in inculcating scientific learning, research mindedness, creative thinking, innovations and gaining skills to suit the modern hi tech era as well as maintain an environment to nurture talent and ignite their minds to facilitate learning with introspection which is enlightening and empowering to elevate him to an ideal-character individual.

I hope all aspirants and research scholars will make the most of the facilities of the University to make learning enjoyable, exciting and to start a process to elevate self to the highest to become an accomplished and competent academic scholar and societal leader contributing to the betterment of the world.

Warm Regards,

T. Brajeshwari Devi

Prof. T. Brajeshwari Devi
Registrar,

MESSAGE

NINGOMBAM AMARJIT SINGH
Director

Dear Students, Faculty, and Friends,

We are glad for joining Manipur International University as a institution that has a passion of creating an environment that calls for academic achievement, creativity and camaraderie. It is my honour as the Director of this prestigious institution to welcome any virtual visitor to our home on the world wide web.

Indeed at Manipur International University, it is our belief that the individual aspires to the maximum capacity. You are welcome here wherever you are in your academic journey whether as a first-time student, a researcher, or a member of the community.

In terms of educational effectiveness, our university can be consider as one of the best private university in Manipur. This is more apparent when going through the website where you can learn more about the programs, research, and college life. We would however like to assure you of the numerous opportunities around and the potential of the link. Regardless of whether you are considering applying to the University or are already a member of our institution or a former student, know that you are an essential part of the Manipur International Univerity future development.

I appreciate being here and getting everyone's support. Welcome once again and we trust that you will be perfectly positioned to accomplish all that is desired of you and more through a healthy interaction with us.

Warm regards,

N. Amarjit Singh
Director, MIU

POST-DOCTORAL RESEARCH PROGRAM
